

SA503 - TVL Pickup Switch Functions

- [Back to the list](#)
- [Go to Product Information](#)

Last Update: 12/18/2010

A. The rear 3 position toggle switch (closest to the bridge) selects between 3 conditions:

1. Front pickup only
2. Rear pickup only
3. Front AND rear pickups

B. The front 3 position toggle switch (closest to the neck) selects between 3 conditions:

1. Only what the rear toggle has selected (1, 2, or 3 above)
2. The middle pickup only
3. The middle pickup AND what the rear toggle has selected
